President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

Body Sharon and I are setting up shop there. Paul has a room and is bringing someone. He will be the quick reaction force. Its going to be cold. We need a place to spend the night before minimum.

Stewie never contacted me so Sharon and I are going our way. I will probably do pre-strike on the 5th though there are things going on that day. Maybe can do some night hunting. Oathkeeper friends from North Carolina are taking commercial buses up early in the morning on the 6th and back same night. Paul will have the goodies in case things go bad and we need to get heavy. This is an older hotel with quick access to the city via Interstate 66. Sharon and I will go into town 7 a.m. or so on the 6th. Paul just passed me the latest on road closures so I will make new annotated maps subject to change. Whoever Paul brings with him, if he is fit enough, will ride in with Sharon and me. All else fails, this hotel is 3 blocks from a metro subway station so we could get out on the subway at some point, then back in for the car if we have to. Parking should be a bit of a challenge but I will figure it out for us. Trying to help Ranger Doug and his bus driver, too. Last MAGA I actually went in with a bus group so that I would know what the challenges are and how the cops handle them so that I could better advise.

Body Here is the direct number for Comfort Inn Ballston/Arlington 1-571-397-3955 I strongly recommend you guys get one or two rooms for a night or two. Arrive 5th, depart 7th will work. She says there are five of you including a husband and wife new recruits. This time of year especially you will need to be indoors to set up, etc. Really, press this home, just get somebody to put it on a credit card. Even if you tell the hotel its double occupancy, you can STILL put a couple of people on the floor with bedrolls and the hotel won't know shit. Paul said he might be able to take one or two in his room as well. I spoke to the hotel last night (actually 2 a.m. this morning) and they still had rooms. This is a good location and would allow us to hunt at night if we wanted to. I don't know if Stewie has even gotten out his call to arms but its a little friggin late. This one we are doing on our own. We will link up with the north carolina crew.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

Body Update: Sharon is home now and resting. This morning quite suddenly the gel inside her right eyeball pulled away and created an o-perculated hole in the retina which bled and left clots and pieces of debris in her eye. Emergency room was no help really but we knew an opthamologist named Dr. Weiner (pronounced WAY'-ner) who we contacted and he dropped everything and even called in a technician when Sharon told him her symptoms. He is the one who found all the problems I just articulated. Anyhow, emergency laser surgery today around 1 o'clock and he sealed the

hole in the retina preventing a larger tear and/or detachment of the retina. Basically he diagnosed it and did spot welding around the hole (49 laser shots) to seal it up and save her eyesight. She has some discomfort but said the procedure was pain free. Prospects of a good recovery. Doc says these things just happen when we get older. She is supposed to rest for a few days and the floaters which are thousands of microscopic particles of retina and blood will begin to subside. Much of the bleeding has settled lower in her eye and out of the field of vision. Still has a couple of clots in there. So grateful to the Doctor and his tech and many thanks for all the prayers from friends and family. God was looking out for her today.

"IT'S HAPPENING!"

Military takedowns and arrests begin this wknd and will continue forward for the next 13 days/nights. Some international raids have already started. Italy has also been found complicit in our election fraud.

Everyone will be getting emergency ☐☐ alerts on their phones, tv's,

radios & internet. It will override all other broadcasts and could last for several hours at a time. Do not to be scared of what's coming as it is for the safety of our nation for this to unfold.
DO NOT travel to any large cities (especially Philadelphia) for the rest of the month. Military operations will be taking place in many of the major corrupt cities. People will start rioting once this intel breaks thinking Trump is a military dictator. He only has 13 days to put this dog down.

The implementation of the Insurrection Act began after the raid on the Capitol and was marked by Trump's broadcast to the people to disband and return home. This broadcast wound up being blocked, for the most part, by the media. Nevertheless, his address fulfilled the requirements to initiate the Act.

Marines and National Guard troops are being moved as needed for the riots that will start after the national release of the intel. The intel will be dropped for everyone to see and hear in loops that will be several hours long. The system was just checked by the FCC a few days ago alerting ALL media that they cannot block the flow of intel under federal regs.

Trump will be moved continuously like a chess piece from now until the 20th in order to avoid any retaliation against him and family. Trump had to exhaust ALL other means legally before this operation could commence. He gave everyone a fair chance to come clean and they refused.

His press release of a "smooth transition" did not include the word, "concede" as he has no plans to do so. Rather, there will be a smooth transition of power to his new cabinet, staff and Vice President, General Flynn.

The rally in DC was an awesome event
For what it's worth
